Business Accounts with Account Analysis

Your balances earn an Earnings Credit that may be used to offset your monthly maintenance and activity fees as well as certain other miscellaneous fees. You may pay a service charge when the cost of your activity during your statement cycle exceeds the Earnings Credit. If your Earnings Credit is more than your total monthly fees for the statement cycle, the excess credit is not paid to you, nor is it carried forward to the following statement cycle. Your Earnings Credit is calculated on the Investable Balances Available for Services in your account based on the Bank's Earnings Credit Rate. The Bank's Earnings Credit Rate is established at the Bank's sole discretion and may vary from time to time. Your Earnings Credit is disclosed on your Analysis statement. Your Earnings Credit Rate will not exceed 4.50%.

You will be charged a fee for drawing Uncollected Funds, at a rate established by the bank at its sole discretion and vary from time to time.

¹ For Ohio residents only: The research fee ranges from \$11.00 to \$17.00 per hour as applicable by law.
